

# EMERGENCY RESPONSE FOR IDPS IN SUDAN

---

PROJECT COMPLETION REPORT  
2024

**HUMANITY-INCREASED**  
Quality over Quantity

# BACKGROUND

**Organization:** Humanity-Increased

**Project Name:** Emergency Response for IDPs in Sudan

**Project Location:** Kassala, Sudan

**Project Start Date:** August 20, 2024

**Project End Date:** November 15, 2024

**Number of Beneficiaries:** 185 households (925 individuals)

Sudan has faced over **eight months of violent conflict** following the outbreak of hostilities between **the Sudanese Armed Forces (SAF) and the Rapid Support Forces (RSF)** in April 2023. This conflict has caused the largest displacement and protection crisis globally, affecting **almost 25 million people who now require humanitarian aid.**

The **collapse of infrastructure**, including **water supplies, healthcare, banking services, electricity**, and telecommunications, has intensified the crisis. **70% of health facilities** in conflict-affected areas are non-functional, leaving the remaining ones overwhelmed. This situation has **exacerbated food insecurity** for displaced families in Kassala, many of whom have **limited or no access to basic necessities.**

This project aimed to enhance food security among the most vulnerable internally displaced persons (IDPs) in Kassala by providing essential food baskets to those in need.

# PROJECT ACTIVITIES & OUTPUTS

## 1. COORDINATION WITH LOCAL AUTHORITIES <

- Collaborated with community leaders and local authorities to identify and verify 185 of the most vulnerable families in IDP shelters.
- Ensured no duplication of assistance with other humanitarian efforts.

## 2. MARKET ASSESSMENT <

- Conducted a market assessment to determine the availability and cost of essential food items.
- Evaluated logistical requirements to ensure timely and efficient distribution.

## 4. BENEFICIARY SELECTION & REGISTRATION

- Families were selected based on the following criteria:
- Women-headed households
- Households with disabled members
- Households with elderly members
- Low-income households
- Large households (more than 5 members)
- Households with pregnant women or infants

## 3. PROCUREMENT OF FOOD BASKETS

- Contracted a local supplier to purchase food items meeting nutritional and quality standards.
- Items included in each food basket:
- 5 kg sugar
- 5 kg lentils
- 2 liters sunflower oil
- 10 kg flour
- 5 kg rice

## 5. DISTRIBUTION PLAN

- A distribution schedule was developed in advance to avoid crowding and ensure an efficient process.
- Beneficiaries were notified through multiple communication channels about their designated collection times.

## 6. DISTRIBUTION OF FOOD BASKETS

- 185 food baskets were distributed, directly benefiting 925 individuals.
- Each household received a full food package to support their nutritional needs.

# PROJECT IMPACT

**925  
INDIVIDUALS**

**185 displaced families (925 individuals) received essential food supplies,** improving their food security.

**Reduction in hunger and malnutrition** among the most vulnerable IDP households.

**REDUCTION IN  
HUNGER AND  
MALNUTRITION**

**STRENGTHENED  
RESILIENCE**

**Strengthened resilience** of affected families by ensuring access to staple foods.

**Improved coordination** between humanitarian actors and local community leaders for effective aid delivery.

**IMPROVED  
COORDINATION**

**One widowed mother of three**, displaced due to conflict, shared how receiving a food basket allowed her to provide **nutritious meals for her children for the first time in weeks**, alleviating **some of the hardship** her family endured.

# SUSTAINING HUMANITARIAN EFFORTS

Humanity-Increased remains committed to supporting Sudanese families affected by conflict. Future efforts will focus on:

- **Expanding food distribution programs** to reach more displaced families.
- **Exploring sustainable food assistance models**, including community-driven meal programs.
- **Advocating for increased support and resources** to prevent further deterioration of food security in Sudan.
